Interested in being physically active at home?

HAPPY – Early Beginnings

Home-Based Activities & Play for Parents & Youth

WHO?

Children diagnosed with Prader-Willi Syndrome (PWS) ages 4 to 7 years and one parent/legal guardian

WHAT?

Participate in a 12-week physical activity program in their home and attend 3 assessments and 2 playdates

WHERE?

California State University, Fullerton (CSUF) and another location of the parent's choosing (one playdate)

WHEN?

Saturdays for about 2 to 3 hours

WHAT ELSE?

All materials will be given to the families to do the activities at home at no cost.

Children will receive a bag of toys (\$10 value) following the first and last visits to CSUF.

Parents/guardians will receive a \$20 gift card following the same visits. Parents will be reimbursed for mileage for the visits to CSUF and will be provided with free parking.

Families may keep the **HAPPY – Early Beginnings** materials when the program is over.
