

Prader-Willi California Foundation

Supporting People with Prader-Willi Syndrome

Family-to-Family Professional Resources Directory 2017

Family-to-Family Professional Resources Directory

Prader-Willi California Foundation's **Professional Resources Directory** is produced especially for our members as a benefit of membership.

Many of the professionals listed in this Directory have been referred by family members for other family members. As family members share their professional referrals with us, we incorporate them into our Professional Database and the Professional Resources Directory.

Please note that not all of the professionals listed have expertise in working with or treating persons with Prader-Willi syndrome. None of the professionals is recommended by PWCF; every professional contained within this Directory is listed as a referral only.

If you have a referral for a wonderful professional to share with other families, please let us know!

We hope you find this Directory both useful and helpful.
